## Work experience

01/2022 - present

microTOOL GmbH  
Berlin, Germany

### Product Designer & Product Developer

- Collaborated with the marketing team to redesign and build a new B2B marketing website, resulting in a rebranded and modernized interface, and enhanced data automation.
- Redesigned and implemented a new visual design for the user interfaces of the product help and documentation pages.
- Contributed to the product's frontend development as part of an agile team, working closely with software developers.

02/2021 - 09/2021

Orca Affairs GmbH  
Berlin, Germany

### Junior Web Developer

- Collaborated with the team of both frontend and backend developers to build websites for various clients from both the public and private sectors.
- Participated in stakeholder meetings to discuss project requirements and technical specifications.
- Independently developed end-to-end websites and projects from design to production.

05/2017 - 12/2020

**Self-employed Freelance Photographer** - Berlin, Germany

03/2020 - 04/2020
